

ADAM TELLER

CHICAGO, IL 60657 | C: 630.618.0293 | E: ADAM.TELLER24@GMAIL.COM

OVERVIEW

Collaborative, goal-oriented UI/UX Developer with 3 years of successful experience developing & leading front-end development. With backgrounds in engineering and psychology, I am ambitious to continuously demonstrate the ability to analyze needs and create effective designs while achieving a common goal.

EDUCATION

UNIVERSITY OF MISSOURI – COLUMBIA | CLASS OF MAY 2018

Bachelor of Science, Information Technology

Minors in Computer Science & Psychology

EXPERIENCE

UI / UX DEVELOPER / QUALITY ASSURANCE ANALYST

3WON LLC. | NAPERVILLE, IL | June 2018 – Current

- Designed and implemented a new user interface to help data specialists and physicians navigate 3WON's platform more easily.
- Led kick-off meetings, interviews, and user testing
- Advocated for the importance of User Experience and engaged the core team and stakeholders throughout the design process.
- Responsible for creating and implementing business rules and employing bot technology to improve efficiencies by creating greater system automation.
- Brackets IDE was used to design and code the responsive front-end.
- Eclipse IDE was used to implement our front-end framework to asynchronously work with the back-end.

UI / UX DEVELOPER INTERN

3WON LLC. | NAPERVILLE, IL | May 2017 – August 2017

- Design and implementation of an iOS application for medical physicians to login into and attest to data that has been entered into 3WON's database.
- Java and Swift 3.0 were used to code while using Xcode as the IDE to build this application.
